Been Offered by Any Reputable Nursery

**OUR NURSERY WAS ORIGINALLY
LOCATED AT ELK GROVE, CAL.**

Advice to Correspondents

This List cancels all previous prices and offer.

OUR GUARANTEE OF QUALITY—We guarantee that our trees are as good as can be grown. Should they prove otherwise, they may be returned to us, in good condition, and we will refund full amount paid for trees and transportation charges. If you are planting a commercial orchard, it will pay you to visit our nurseries.

Refunding you several times purchase price of trees that may prove not true to name does not recompense you for errors made or make you an orchard of the desired variety, as you have a right to expect your trees to bear for many years and you would still have an mixed orchard.

We guarantee our trees true to name and label and if for any reason they may prove otherwise, we will upon proof of such error send an expert to graft or bud all such trees that may prove untrue to name to the varieties ordered, this service is free of charge .

ORDER early that you may get varieties and grades preferred. Write only on one side of the paper.

QUANTITIES and PRICES—We furnish 500 trees of one grade and kind at the 1000 rate; 50 at 100 rate and 5 at 10 rate. Thus, 5 peaches, 5 apples, 5 plums would take the 10 rate, but not 2 pears, 2 apples and 1 peach; these would be at the single rate. Trees should be the same price to apply these rates.

SUBSTITUTION—We never make substitution on commercial orders, but in family orders we can often give a much better variety for home use than that which is ordered, and if out of the variety ordered will substitute as nearly as possible unless requested not to do so.

PACKING—We pack all plants and trees as nearly perfect as it is possible to do, for which we make a small charge to cover cost of material used.

HOW TO SHIP—Be sure to give route, whether by Express or Freight, and where there is no agent, be sure to allow enough to pay charges and we will refund any amount above the charges.

DELAY IN SHIPMENT—Our responsibility ceases when we deliver the trees to the Transportation Companies, the shipment being made at risk of purchaser. However, we will give every assistance in assisting our patrons in adjusting their claims with the Railroad and Express Companies.

ERRORS and SHORTAGE—Must be made within 5 days after receipt of the trees that we may rectify them immediately.

UNKNOWN CORRESPONDENTS—Must accompany their order by cash or satisfactory references.

C. O. D. ORDERS must be accompanied by enough cash to guarantee acceptance of the order.

REMITTANCE may be made in any manner to suit the buyer. Personal checks are acceptable.

PARCEL POST—We do not recommend shipment by Parcel Post except where delivery cannot be made in any other convenient manner. Orders to be shipped this way must be accompanied by enough to cover postage in full.

SPECIAL QUOTATIONS on large orders.

THIS is our twenty-third years in growing and selling trees and we ship all over the world where trees are planted.

WALNUT SPECIALISTS—We were the first Nursery in the United States to Specialize in Grafted Walnut trees. Our Walnut trees are propagated from scions grown on large black walnut trees, which we have grafted and fruited for this purpose, and these have all produced the finest nuts of their respective varieties.

FRUIT BUDS—These are all cut by members of our firm from the best trees of S. R. Gage and F. P. Gage of Elk Grove, the Tribble Orchard and orchards of McKindly, Corey and other notable orchardists of Lodi and Acampo. Millard Sharpe of Vacaville, Cal., furnishes us with the newer varieties.

WALNUT BOOK will be furnished on request. It contains 16 pages, and is the only book or circular of its kind published. We have been requested for copies from Public Libraries from many cities in different states.

BUDS, SCIONS and CUTTINGS—We will take orders for buds, scions or cuttings of any trees or vines we offer for sale, but cannot accept any order for less than \$1.50.

APPLES

	Each	10	100	1000
